HAMPTON CAUGHT ONTO OUR LITTLE ACT AT ONCE, BUT AT LEAST NOW I WAS SURE THE DIAMONDS WERE THE REAL THING WHEN THEY LEFT THE STORE...

THERE! LOCKED UP TIGHT! HERE'S THE KEY, KARL, AND YOU KNOW WHERE IT GOES.

WATCH HIM CLOSELY MR. BLADE.

DON'T WORRY. I WILL! SEE YOU LATER AL, AND THANKS!

I FOLLOWED KARL CLOSELY ENOUGH TO WATCH HIS HANDS EVERY MINUTE. BUT I MADE SURE HE DIDN'T KNOW HE WAS BEING TAILED...

I SAW HIM OPEN THE BAG, MAKE THE DELIVERY, GET A SIGNED RECEIPT FOR THE BROOCH, AND LEAVE THE STORE WITH THE EMPTY BAG. I WAS AFRAID HE'D GOTTEN WISE TO THE SET-UP, BECAUSE HE SURE HADN'T TAMPERED WITH THAT BAG.

WELL, I WATCHED HIM EVERY MINUTE. MR. HAMPTON, AND I SURE DIDN'T SEE HIM PULL ANYTHING FUNNY.

I'VE JUST FINISHED TALKING TO THE JEWELER WHO BOUGHT THE BROOCH, BLADE! THE ONE DELIVERED TO HIM WAS A PHONY.... AND I'M BEGINNING TO THINK YOU'RE A PHONY TOO!

HE HAD REASON TO BE SORE. ALL RIGHT, I FINALLY CALMED HIM DOWN ENOUGH TO AGREE TO GIVE ME ONE MORE CHANCE...

I'LL TAKE IT FOR GRANTED THIS TIME THAT THE REAL STUFF LEAVES YOUR OFFICE. I CAN'T LET HIM SEE ME HERE TWICE. I'LL PICK HIM UP RIGHT OUTSIDE..

RACKET SQUAD IN ACTION

I WAS EVEN MORE CAREFUL THE FOLLOWING DAY AND I WAS POSITIVE BY THE TIME KARL REACHED HIS DESTINATION THAT HE HADN'T PULLED ANYTHING FUNNY, HOWEVER.

I COULDN'T AFFORD TO BE WRONG TWICE...

HOLD ON THERE, DON'T ACCEPT THAT BAG MISTER, OR EVEN TOUCH IT!

WHAT'S THIS A HOLDUP..

NUTS! I'M A PRIVATE COP! LET ME HAVE THE BAG KARL AND DON'T TRY TO LEAVE THE STORE!

WHAT'S THIS ALL ABOUT?

I MADE HIM OPEN THE BAG AND LOOKED INSIDE. THE JEWELRY WAS THERE, BUT THERE WAS SOMETHING STRANGE ABOUT IT...

EITHER THEY'VE REPEALED THE LAW OF GRAVITY OR...

OR THERE'S SOME OTHER DARN GOOD REASON WHY THAT STUFF DOESN'T SLIDE DOWN INTO ONE CORNER WHEN I TIP THE BAG UP LIKE THIS!

THE BAG, OF COURSE, HAD A FALSE BOTTOM THAT WAS ABLE TO PIVOT! THERE WAS A SMALL MAGNET ATTACHED TO THE TOP OF THE FALSE BOTTOM AND THE METAL CLASPS OF THE REAL JEWELRY CLUNG TO IT WHEN IT WAS PUT IN THE BAG! THE PHONIES WERE LIGHTLY CEMENTED TO THE UNDERSIDE! ENROUTE KARL HAD OBVIOUSLY TOUCHED THE SWITCH WHICH RELEASED THE...

BOTTOM AND THE MAGNETS HAD CAUSED IT TO TURN OVER DROPPING THE REAL STUFF IN THE BOTTOM AND LEAVING THE PASTES...

YOU'RE UNDER ARREST KARL!

Now! The Amazing Facts about

BALDNESS

...AND WHAT YOU CAN DO ABOUT IT

The following facts are brought to the attention of the public because of a widespread belief that nothing can be done about hair loss. This belief has no basis in medical fact. Worst of all, it has condemned many men and women to needless baldness by their neglect to treat certain accepted causes of hair loss.

There are six principal types of hair loss, in *alopecia* as it is known in medical terms:

1. Alopecia from diseases of the scalp
2. Alopecia from other diseases or from an improper functioning of the body
3. Alopecia of the aged (senile baldness)
4. Alopecia areata (loss of hair in patches)
5. Alopecia of the young (premature baldness)
6. Alopecia at birth (congenital baldness)

Senile, premature and congenital alopecia cannot be helped by anything now known to modern science. Alopecia from improper functioning of the body requires the advice and treatment of your family physician.

BUT MANY MEDICAL AUTHORITIES NOW BELIEVE A SPECIFIC SCALP DISEASE IS THE MOST COMMON CAUSE OF HAIR LOSS

This disease is called *Seborrhea* and can be broadly classified into two clinical forms with the following symptoms:

1. DRY SEBORRHEA. The hair is dry, lifeless, and without gloss. A dry, flaky dandruff is usually present with accompanying itching. Hair loss is considerable and increases with the progress of this disease.

2. OILY SEBORRHEA. The hair and scalp are oily and greasy. The hair is tightly matted to the touch and has a tendency to mat together. Dandruff takes the form of dead white stuff it usually oozes. Hair loss is serious with baldness as the end result.

Many doctors agree that to NEGLECT these symptoms of DRY and OILY SEBORRHEA is to INVITE BALDNESS.

Seborrhea is believed to be caused by three germ organisms — *staphylococcus albus*, *pytiosporum ovale*, and *acnes bacillus*.

These germs attack the sebaceous gland causing an abnormal working of this gland. The hair follicle, completely surrounded by the enlarged diseased sebaceous gland, then begins to atrophy. The hair produced becomes smaller and smaller until the hair follicle dies. Baldness is the inevitable result. (See illustration.)

But seborrhea can be controlled, particularly in its early stages. The three germ organisms believed to cause seborrhea, can and should be eliminated before they destroy your normal hair growth.

At post-hair development, Comate Medicinal Formula kills these three germ organisms in contact. Proof of Comate's germ-killing properties has been demonstrated in laboratory tests recently conducted by one of the leading testing laboratories in America. (Complete report on file and copies are available on request.)

When used as directed, Comate Medicinal Formula controls seborrhea—stimulates the flow of blood to the scalp, helps stop scalp itch and burn—improves the appearance of your hair and scalp, helps STOP HAIR LOSS due to seborrhea. Your hair looks more attractive and alive.

You may safely follow the example of thousands who first were skeptical, then curious, and finally decided to avail themselves of Comate Medicinal Formula.

A Few of the Many Grateful Expressions By Users of Comate Medicinal Formula

"My hair was coming out for years and I tried everything. Nothing stopped it until I tried Comate. Now my hair has stopped coming out. It looks so much thicker. My friends have noticed my hair and they all say it looks so much better."
— Mrs. R. E. J., Stevenson, Ala.

"Your hair formula got rid of my dandruff, my head does not itch any more. I think it is the best of all the formulas I have used."
— E. E., Hamilton, Ohio.

"Your formula is everything you claim it to be and the first 10 days total freed me of a very bad case of dry seborrhea."
— E. M., Long Beach, Calif.

"I do want to say that just within five days I have obtained a great improvement in my hair. I do want to thank you and the Comate Laboratories for producing such a wonderful and amazing formula."
— M. M., Johnston, Pa.

"I have found a most instant relief. My itching has stopped with one application."
— J. N., Stockton, Calif.

"My hair looks thicker, not falling out like it used to. Will not be without Comate in the house."
— R. W., Lonsdale, R. I.

"I haven't had any trouble with dandruff since I started using Comate."
— L. W. W., Galveston, Tex.

"This formula is everything it not more than you say it is. I am very happy with what it is doing for my hair."
— T. J., Las Cruces, New Mexico.

"I find it stops the itch and retards the hair fall. I am thankful for the help it has given me to retard the terrible itching."
— R. B. L., Philadelphia, Pa.

"The bottle of Comate I got from you has done my hair so much good. My hair has been coming out and breaking off for about 21 years. It has improved so much."
— Mrs. J. E., Lubon, Ga.

Today these benefits are available to you just as they were to these sincere men and women when they first read about Comate. If your hair is thinning, over-dry or over-oily—if you are troubled with dandruff with increasing hair loss—you may well be guided by the laboratory tests and the experience of thousands of grateful men and women.

Remember, if your hair loss is due to Seborrhea, Comate CAN and MUST help you. If it is due to causes beyond the reach of Comate Medicinal Formula, you have nothing to lose because our GUARANTY POLICY assures the return of your money unless delighted. So why delay when that delay may cause irreparable damage to your hair and scalp. Just mail the coupon below.

"TELEVISION TROUBLE"

Every seat was taken in the auditorium of the Electronic Research Institution. For almost an hour, Michael Benson, head of the Anti-Racket Bureau had been speaking to the members of the Eastern Television Dealers Association. And now he made his final statements.

"Television today is both a necessity and a luxury. It is a necessity in the sense that it brings into every home entertainment, education, news of the day, and other features. It is a luxury in the sense that it brings to millions what only a few decades ago was not within the reach of the average man's pocket-book. Definitely, television is here to stay and it has reached its age of maturity. But with the tremendous growth of television there has been a corresponding growth in the various services needed to maintain the sets.

Whenever anything goes wrong with the set, the average man or woman calls a service man to check on the set and see if repairs are necessary. It is with pride that I can say that the honesty and integrity of the average service man is above par. But unfortunately there is the dishonest man who tries to work out a racket to make a quick dollar by fleecing the television set owner. I used the word unfortunately in a double sense. First, it is unfortunate that the set owner has to part with his hard earned money to such a scoundrel. Second, it is unfortunate, that the scoundrel himself is unable to see that by being honest he can make a decent living. Under our grant of power, we can enter on our own initiative into a case when there is a federal law involved or when inter-state commerce, business, or activity is concerned. Upon the request of any local state subdivision we can also enter. Rest assured that our services are at your command should the occasion so arise."

There was thunderous applause as the famous man finished his speech. Later he went to the private office of Mr. Joseph Stern, president of the Eastern Television Dealers Association.

"We have had a series of complaints about the activities of a gyp repair outfit called the Kwik-Du-It Service," began Mr. Joseph Stern. "Customers have come to our dealers and asked for help. In some cases they were unable to get back their television sets until they signed promissory notes for a large amount. In other cases they said that parts had been taken from their sets and replaced with inferior replacements. Many of them were certain that minor difficulties were magnified into big jobs. I wonder if under your grant of power you could check up on this outfit?"

"That we can do now," replied Michael Benson with a slight smile on his face. "The Kwik-Du-It Service has become very greedy. They started to service sets across the state line last month and also continued their crooked work. We have them under observation and my men are gathering the necessary evidence to procure an indictment. When ready, you can be assured that the roof will fall in on the Kwik-Du-It Service. One thing we have learned in our years of fighting rackets is that the crooked and greedy person always gets careless. Such a person feels he can't be caught. And that is exactly when the law steps in and gets him!"

Mrs. Matilda Galloway was a most unhappy woman as she looked at her television set which had refused to function. She was a frail middle-aged gray haired woman.

"Without my set I am lost," she informed the repair man from Kwik-Du-It Service. "Please see what you can do to repair my set. I want it back by tomorrow the latest. You are such a nice man. Can I give you some coffee and cake?"

"No thanks, lady," replied the man whose keen eyes noticed that the electric plug was out of the socket. He moved the set slightly to the side so that the plug on the floor could not be seen. He made a quick inspection of the set.

"Offhand I would say your picture tube needs replacement. And your speaker needs

some readjustment. I'll take it to our shop and have our mechanic start work on it at once. I'll give you a receipt."

"You are such a nice thoughtful and considerate young man," complimented Mrs. Matilda Galloway. "What is your name?"

The man hesitated a minute. His orders were not to give his name. But this kind woman, well, it was almost a shame to make a sucker out of her.

"Joe Kellner," he replied as he moved the set towards the door. "And before I forget it, for our records you must sign a repair blank."

He handed the sheet of paper to Mrs. Matilda Galloway who tried to do her best to read it.

"Such small type," she remarked. "Is it anything important?"

"No," was the dishonest reply of the man who knew it was an authorization to be responsible for all repairs regardless of the amount. "Just a standard form."

Mr. Howard Shea looked at the repair man who had answered his call to the Kwik-Du-It Service.

"I don't think I need you now," he informed the man. "I tuned the set and it works."

"Perhaps only temporarily," replied the service man. "I will do a quick check for you free. That is a courtesy we extend to all people."

"Free," repeated Mr. Howard Shea. "That is very nice of you. Go ahead and tell me if anything is wrong."

Ten minutes later the repair man made his report to a worrying Mr. Howard Shea.

"The electricity in the set gets a diagonal composite refractory condition in which the ions react in a negative way."

"Is this dangerous?" questioned Mr. Howard Shea.

"Your set could explode and perhaps injure you and wreck the apartment. We can have it fixed by tomorrow. I'll give you a receipt and you sign a repair blank."

"That new fellow on bench five is a first class moron," said Bill Fields, manager of Kwik-Du-It Service to his boss, Al Butler. "He thinks he knows how to fix a television set. When he gets finished he really can wreck a set for us."

"Did you check up on his references?" demanded Al Butler.

Bill Fields grinned and then chuckled. That seemed funny to him.

"What references? the guy admitted he was fired from his last four jobs. I called the last place up and you should hear the panning they gave him."

Half an hour later Bill Fields was facing an angry customer.

"Where's my television set," demanded Mr. Louis Kimmelman. "For three weeks I have been calling you. Why the delay?"

"It was necessary to get a part from St. Louis," replied Bill Fields.

"I don't believe you," snapped back Mr. Harry Kimmelman. "What part is so important it must come from St. Louis?"

"The Integrator reactor," was the reply. "And as soon as you give us sixty dollars you can have your set."

"Are you crazy?" retorted Mr. Harry Kimmelman. "Your man said it wouldn't cost more than five dollars to fix the set."

"You signed an authorization to be responsible for any and all repairs needed on the set," said Bill Fields.

"I didn't sign any such paper. My pen didn't work so I just gave the blank back to your man."

Bill Fields quickly checked his records and found that such was the case.

"You wise guy," he said. "I won't give you your set until you sign a promissory note. You can't prove what my repair man said."

"Oh yes I can," replied a firmer and stronger voice coming from the mouth of Mr. Harry Kimmelman. "You and Al Butler are under arrest." Then turning to the repair man on bench five, he added. "Frank, you get Al Butler. Better inform him that the Anti-Rocket Bureau has taken over."

A very uncomfortable Al Butler, Bill Fields, Joe Kellner, and four other repair men sat in a small room. They not only faced Michael Benson but also Mrs. Matilda Galloway, Mr. Howard Shea, and other operatives of the Bureau.

"Concealed movie cameras showed how your men examined the sets. Also tape recorders took down what they said. The man you thought was a moron has a miniature camera which took pictures of your men wrecking sets. Who will talk first?"

"I will," conceded Joe Kellner. "They told me we could never get caught in this racket. Brother, I'll tell everything."
